NorthStar is looking for an Architecture Intern to join our **2019** Internship Program. The Internship Program at NorthStar was built with the intern in mind to accomplish:

- Building experience and exposure to problem solving procedures and practices
- Assisting staff with projects that allows mentorship opportunities

Experiences may include:

- Increased knowledge of the holistic design process as it pertains to a multi-disciplinary firm
- Assistance with project delivery
- Design assistance including AutoCAD drafting of details, exhibits, and portions of plan sets
- Learning how academic skills translate to the professional world as well as how general office tasks get accomplished
- Project research and other duties as assigned

The ideal candidate must be:

- Positive and personable
- Excellent collaborator
- Attentive listener, with a perceptive nature
- Professional integrity and sense of responsibility and accountability
- Someone attracted to a values-driven organization that places the collective priorities and needs of the team ahead of the individual.

This is a paid temporary internship for juniors, seniors, or alumni.

### About NorthStar

NorthStar is a multi-disciplinary civil engineering, architecture, land surveying, and environmental firm specializing in municipal infrastructure design, land development, onsite waste water systems, land surveying, environmental consulting, planning and development permit processing, and building design.

We exist to develop people that enhance our communities and thrive in a company culture where the team comes first before the individual; learning and mentoring is second nature; and every individual thinks and acts like an owner—taking active responsibility for the success of our endeavors, clients and communities.
