

Job Announcement

Summer 2020 Civil Engineering Intern

About Us

Established in Chico, California in 1983, NorthStar is a team of professionals providing designs, plans and solutions in the areas of architecture, engineering, environmental, and surveying.

We exist to develop people who enhance our communities. This is our core purpose; NorthStar embraces the idea that we use our professions to make a positive difference for the clients, the community, and the environment...contributing to a better world.

We live our values of Teamcentric, Learning, and Ownership; more than just consultants, we are an integral part of the communities we serve.

Our success comes from building quality relationships with our clients; providing proactive service; and having an enriched team culture of learning, guiding, and mentoring.

This is not a benefited position but does include sick time per CA state requirements.

Additional company information can be found on our website www.northstareng.com.

To Apply

Submit a cover letter and resume in person or by email to:

NorthStar
Attn: Human Resources

Disclaimer: This job description is only a summary of the typical functions of the job and is not an exhaustive or comprehensive list of all possible job responsibilities, tasks, and duties.

Equal Opportunity Employer

NorthStar is looking for a **Civil Engineering Intern** to join our Internship Program this **Summer of 2020**. Come be part of an innovative and inspired group of design professionals in a collaborative studio environment with a commitment to quality and client satisfaction. More than just consultants, we are partners with our clients, agencies and the communities we serve - taking ownership of our work, performance, and the success of all our endeavors. We are looking for candidates who are attracted to a values-driven organization that is focused on community engagement, superior client service, and a lifetime of learning.

Overview

This internship is a full-time, temporary position here in our Chico, CA office. The Internship Program at NorthStar was built with the intern in mind to:

- Build experience and exposure to problem solving procedures and practices
- Assist team members with projects that allows mentorship opportunities
- Showcase the nature of our industry to our future leaders and provide you with a chance to work on projects that improve the lives of people in the communities in which we live

Internship Opportunity

- Increased knowledge of the design process as it pertains to a multi-disciplinary firm
- Design assistance including AutoCAD drafting of details, exhibits, and portions of plan sets
- Learning how academic skills translate to the professional world as well as how general office tasks get accomplished
- Project research and other duties as assigned

Minimum Requirements

- 4th or 5th year student currently enrolled in a Civil Engineering program
- Familiarity in AutoCAD and Microsoft Office
- Positive and personable attitude
- Attentive listener with a desire to learn from hands-on experience
- Professional integrity and sense of responsibility and accountability
